All of our menus and services are designed to be flexible and you may be assured that the needs of your family & friends will be attended to with the utmost professionalism, care and respect.

We understand that on these occasions we are required to be on hand and to look after your needs, "whatever the request", and we are therefore available to cater for small and large groups. We are able to work around your specific needs, often at short notice.

We know it is difficult to judge how many people will attend so if you let us know roughly how many will be coming we will always have a chef on hand to add to the buffet if the number of guests that have arrived is a lot more. The room hire is £50 and the prices include sole use of the room, napkins, use of large screen, bar service and tasteful background music.

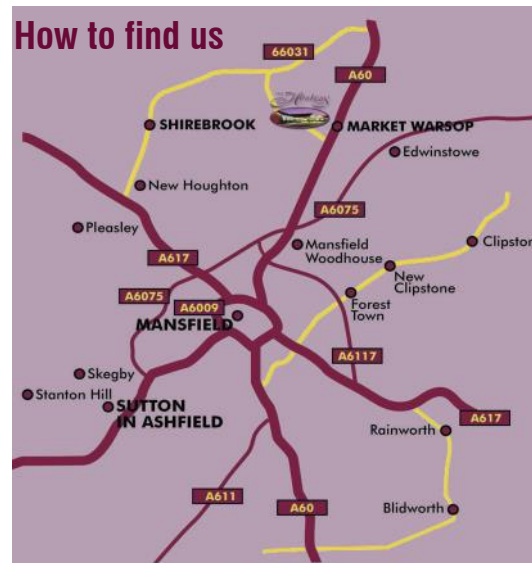

The Hostess facilities include:-

- one level there is no problem for pushchairs, wheelchairs or people with walking difficulties.
